PACKING AND/OR BOXES

SEPARATE ESTIMATE required for:

	Yes	No
Full Packing		
Pack breakables only		
Supply boxes		
Other packing as described		

INCLUDE in removals estimate:

	Yes	No
Full Packing		
Pack breakables only		
Supply boxes		

To calculate box requirements for packing:

General packing (china, glass, saucepans, linen, toys, etc). The content of 1 kitchen floor or wall cupboard, on average, requires one box for packing. Use this measure to assess the amount of packing required (don't forget things like ornaments, children's toys, etc, that may not be in cupboards).

Books require 1 box per 1 metre of shelf space of normal-size paperbacks. For larger books, use 1.5 boxes per metre.

Summary of packing	General packing	Books	Pictures
